

## About the Sponsors

The National University Telecommunications Network (NUTN) is committed to providing dynamic leadership and support of applications of new and emerging technologies in distance education. As a premier distance learning professional organization, involved in both professional development and product development, NUTN provides vision and experience to higher education institutions and professionals serving numerous constituencies and organizations. For further information about NUTN, visit [www.nutn.org](http://www.nutn.org).

Headquartered in Syracuse, N.Y., Hezel Associates provides research, evaluation and strategic services to national and international clients in education, technology, publishing and business. The firm has earned a distinguished national reputation as a leading expert in distance education research. Clients such as the U.S. Department of Education, the World Health Organization, Habitat for Humanity International, the Public Broadcasting Service and Regis University have relied on Hezel Associates' recommendations to make strategic decisions and create and implement policies. The company was founded in 1987 by Dr. Richard T. Hezel, a leading research-oriented consultant in the field of education technology. For further information about Hezel Associates, visit [www.hezel.com](http://www.hezel.com).

Cisco Systems, Inc. is the worldwide leader in networking for the Internet. Today, networks are an essential part of business, education, government and home communications, and Cisco Internet Protocol-based (IP) networking solutions are the foundation of these networks. Cisco hardware, software and service offerings are used to create Internet solutions that allow individuals, companies, and countries to increase productivity, improve customer satisfaction and strengthen competitive advantage. The Cisco name has become synonymous with the Internet, as well as with the productivity improvements that Internet business solutions provide. For further information about Cisco Systems, visit [www.cisco.com](http://www.cisco.com).
